DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Election/Restrictions

Claims 6-7, 10-17, 23-24, 31-32, 40-41, and 48-49 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 9.

Claim Rejections - 35 USC § 112

Claims 1-5, 8-9, 18, 20-22, 25-26, 28-30, 33-35, 37-39, 42-43, 45-47, and 50-51 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. This rejection is maintained for reasons of record set forth in Paper No. 10, mailed 1/17/03. Applicants'

Art Unit: 1636

arguments filed 7/17/03 have been fully considered but they are not deemed to be persuasive.

Response to Arguments

The applicant argues that the amendments to the claims specifying that the inducible promoter is an araB promoter moots the rejection. This argument is not persuasive because the instant rejection was based upon the lack of description of the inducer, host cells, and deficient transport system(s), in addition to the inducible promoter (see the underlined portion of page 4 of the last Office Action and the bottom of page 5 to top of page 6). The amendment filed 7/17/03 only addressed the promoter; the other parts of the combined system were not limited to the single example described in the specification and thus the instant rejection stands for reasons of record.

Conclusion

No claims are allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS

Art Unit: 1636

of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
